A Message From Your State RPAC Co-Chairs

August 4th is Colorado RPAC Day! The REALTORS® Political Action Committee (RPAC) was established to fight for our industry so you don't have to. RPAC works to promote homeownership and private property rights at the local, state, and national level.

Colorado RPAC Day is the perfect opportunity for all Colorado REALTORS® to recognize the importance of RPAC and invest! Local associations across the state will be encouraged to host RPAC events on August 4th. CAR will also be providing opportunities for participation and investment. Please contact your local association to see how you can participate and invest \$25 to protect our industry! *Thank you in advance!*
