2. Challenges

Getting communication returned when I send anything. Making phone calls or visiting areas.

3. Successes

We had an annual CREN MLS meeting where I was able to communicate and mingle with Four Corners, Delta and Montrose Chair, Chair elects and AE's. We had some great time together. I was able to let them know that I am there for them and really talk to them. I did hear back from a few that would like to meet up and Colorado Connections.
